PROXY STATEMENT

General

This Proxy Statement and the accompanying proxy are furnished to stockholders of Watson Pharmaceuticals, Inc. ("Watson" or the "Company") in connection with the solicitation of proxies by the Company's Board of Directors for use at the 2004 Annual Meeting of Stockholders (the "Meeting") to be held at the Westin South Coast Plaza Hotel, located at 686 Anton Boulevard, Costa Mesa, California at 9:00 a.m. local time, on May 17, 2004, for the purposes set forth in the accompanying Notice of Annual Stockholders' Meeting. This Proxy Statement, the enclosed form of proxy, and the Company's 2003 Annual Report to Stockholders are being mailed to stockholders on or about April 12, 2004.

Stockholders of record at the close of business on March 19, 2004 (the "record date") are entitled to notice of and to vote at the Meeting. On such date, there were outstanding 108,804,879 shares of the Company's common stock, par value \$.0033 per share (the "Common Stock"). In deciding all questions, each holder of Common Stock shall be entitled to one vote, in person or by proxy, for each share held on the record date.

VOTING RIGHTS AND SOLICITATION OF PROXIES

All expenses incurred in the solicitation of proxies will be borne by the Company. In addition to the use of the mail, proxies may be solicited on behalf of the Company by directors, officers and employees of the Company. Following the original mailing of the proxies and other soliciting materials, employees of the Company will request brokers, custodians, nominees and other stockholders of record to forward copies of the proxy and other soliciting materials to persons for whom they hold shares of Common Stock and to request authority for the exercise of proxies. In such cases, the Company, upon the request of the stockholders of record, will reimburse such holders for their reasonable expenses.

Votes cast by proxy or in person at the Meeting will be tabulated by the election inspector appointed for the Meeting who will determine whether or not a quorum is present. The presence, in person or by proxy, of the holders of a majority of Common Stock outstanding and entitled to vote at a meeting of stockholders is necessary in order to constitute a quorum for the conduct of business at the Meeting. If a proxy is received but marked abstention or if a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter (i.e. "broker non-votes"), those shares will be considered as present and entitled to vote for purposes of determining the presence of a quorum.

A properly executed proxy will be voted in the manner directed by the stockholder submitting the proxy. If no direction is made, such proxy will be voted **FOR** the election of all nominees named under the caption "Election of Directors" as set forth therein as directors of the Company, and **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as independent auditor, and **AGAINST** the approval of the stockholder proposal. A stockholder may revoke his or her proxy in one of three ways at any time before the proxy is voted at the Meeting. First, the stockholder may send a notice in writing to the Secretary of the Company revoking the proxy. Second, the stockholder may attend the

Meeting in person and vote. Third, the stockholder may execute a proxy with a later date and deliver it to the Secretary of the Company before the voting at the Meeting.

As of the date of this Proxy Statement, the Board of Directors knows of no other business that will be presented for consideration at the Meeting. However, if other proper matters are presented at the Meeting it is the intention of the proxy holders named in the enclosed form of proxy to take such actions as shall be in accordance with their best judgment.

If your shares are registered in the name of a bank or brokerage firm, you may be eligible to vote your shares electronically over the Internet or by telephone. A large number of banks and brokerage firms are participating in the ADP Investor Communication Services online program. This program provides eligible stockholders who receive a paper copy of the Annual Report and Proxy Statement the opportunity to vote via the Internet or by telephone. If your bank or brokerage firm is participating in ADP's program, your voting form will provide instructions. The Internet and telephone voting facilities will close at 6:00 a.m. P.D.T. on May 17, 2004. Stockholders who vote through the Internet or telephone should be aware that they may incur costs to access the Internet, such as usage charges from telephone companies or Internet service providers, and that these costs must be borne by the stockholder. Stockholders who vote by Internet or telephone need not return a proxy card by mail. If your voting form does not reference Internet or telephone information, please complete and return the paper Proxy in the self-addressed postage paid envelope provided.

In an effort to reduce printing costs and postage fees, we have adopted a practice approved by the Securities and Exchange Commission called "householding." Under this practice, stockholders of record who have the same address and last name and do not participate in the electronic delivery of proxy materials will receive only one copy of our proxy materials, unless one or more of these stockholders notifies us that he or she wishes to continue receiving individual copies. Stockholders who participate in householding will continue to receive separate proxy cards. If you share an address with another stockholder and prefer to receive separate copies of our proxy materials, please mail your request to Watson Pharmaceuticals, Inc., Investor Relations, 311 Bonnie Circle, Corona, California 92880.

ELECTION OF DIRECTORS

The Company's Articles of Incorporation provide that the Board of Directors will be divided into three classes. One class is elected each year for a three-year term, expiring at the Company's annual meeting of stockholders. At the Meeting, three directors, who will comprise the Class III directors, are to be elected to serve until the 2007 annual meeting or until their successors are duly elected and qualified. Directors will be elected by a favorable vote of a plurality of the shares of Common Stock present and entitled to vote, in person or by proxy, at the Meeting. Accordingly, abstentions will not affect the outcome of the election of directors. In addition, the election of directors is a matter on which a broker or other nominee has discretionary voting authority, and thus broker non-votes will not result from this proposal. Based upon the recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has nominated the following three current directors of the Company for election as Class III directors: Allen Chao, Ph.D., Michel J. Feldman and Fred G. Weiss.

The Class I directors, Michael J. Fedida, Albert F. Hummel and Catherine Klema are scheduled to serve as directors until the 2005 Annual Meeting. The Class II directors, Ronald R. Taylor, Andrew L. The Board has determined that a majority of its directors have no direct or indirect material relationship with the Company (other than as a director of the Company) and are independent within the meaning of the independence standards promulgated by the Securities and Exchange Commission ("SEC") and the New York Stock Exchange ("NYSE").

Executive Sessions

We will schedule regular executive sessions in which non-management directors meet without management participation. The Chairman of the Nominating and Corporate Governance Committee will preside at these meetings.

Communications with the Board of Directors

Any stockholder wishing to contact the Board, the presiding director of the non-management director meetings, or any other individual director may do so in writing by sending a letter to:

Chairman, Nominating and Corporate Governance Committee
c/o Corporate Secretary
Watson Pharmaceuticals, Inc.
311 Bonnie Circle
Corona, CA 92880

Our Corporate Secretary reviews all such written correspondence and regularly forwards to the Board a summary of all correspondence and copies of correspondence that, in the opinion of the Corporate Secretary, deal with the functions of the Board or its committees, or that the Corporate Secretary otherwise determines requires Board attention. Directors may at any time review a log of all correspondence received by the Company that is addressed to members of the Board and may request copies of any such correspondence.

Director Nomination Process

The Nominating and Corporate Governance Committee considers director candidates from diverse sources, including suggestions from stockholders. The Nominating and Corporate Governance Committee looks for candidates who (a) bring not only direct experience, but also a variety of experience and background, both professionally and personally, (b) will represent the balanced, best interests of the stockholders as a whole rather than special interest groups or constituencies and (c) have a reputation for integrity and satisfy the independence requirements of the New York Stock

Exchange and applicable law. The Nominating and Corporate Governance Committee's goal is to have a diverse, balanced and engaged board whose members possess the skills and background necessary to ensure that stockholder value is maximized in a manner consistent with all legal requirements and the highest ethical standards. The Nominating and Corporate Governance Committee's Charter and the Company's Corporate Governance Guidelines, which are published on our website under the Investors section, set forth in further detail the criteria that guide the Committee in assessing potential candidates for the Board.

Stockholders wishing to nominate a director candidate may do so by sending the candidate's name, biographical information and qualifications, together with a consent in writing signed by the recommended nominee that he or she is willing to be considered as a nominee and, if nominated and elected, he or she will serve as a director, to the Chair of the Nominating and Corporate Governance Committee in care of the Corporate Secretary, Watson Pharmaceuticals, Inc., 311 Bonnie Circle, Corona, California 92880. The submission of a recommendation by a stockholder in compliance with these procedures does not guarantee the selection of the stockholder's candidate or the inclusion of the candidate in the Company's proxy statement; however, the Nominating and Corporate Governance Committee will consider any such candidate in accordance with the procedures and guidelines as described above and as set forth in the Charter of our Nominating and Corporate Governance Committee and in our Corporate Governance Guidelines. From time to time, the Nominating and Corporate Governance Committee may engage a third party for a fee to assist in identifying potential director candidates.

Board and Committee Meetings

The Board of Directors held fourteen meetings during the fiscal year ended December 31, 2003. Each director attended at least 75% of all Board of Directors and applicable Committee meetings.

The Company has an Audit Committee comprised of Ronald R. Taylor, Andrew L. Turner and Fred G. Weiss. Mr. Weiss serves as the Chairman of the Audit Committee. All of the members of the Audit Committee have been determined by the Board of Directors to be "independent" and meet the independence requirements of the NYSE listing standards and the rules and regulations of the SEC. At least one member must be an "audit committee financial expert" and have accounting or related financial management expertise as required by the SEC and the NYSE, respectively. The Board of Directors has determined that all of the current members of the Audit Committee satisfy the requirements of a "financial expert" within the meaning of the SEC rules, and have accounting or related financial management expertise required under the rules and regulations of the NYSE. The functions of the Audit Committee and its activities during fiscal 2003 are described below under the heading Report of the Audit Committee. The Audit Committee is directly responsible for the engagement, compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. During the fiscal year ended December 31, 2003, the Audit Committee met eight times.

The Board of Directors and Audit Committee will take appropriate action, including reviewing and reassessing the adequacy of the Audit Committee charter at least annually and periodically, as appropriate, and as conditions dictate.

The Company has a Compensation Committee comprised of Michael J. Fedida, Ronald R. Taylor and Fred G. Weiss. Mr. Taylor serves as the Chairman of the Compensation Committee. All of the members of the Compensation Committee have been determined by the Board of Directors to be "independent" and meet the independence requirements of the NYSE listing standards. The primary purpose of the Compensation Committee is to review, approve and evaluate director and senior executive compensation plans, policies and programs for the Company. The Compensation Committee

met seven times and executed three unanimous written consents in lieu of meetings during the fiscal year ended December 31, 2003.

The Company has a Nominating and Corporate Governance Committee comprised of Ronald R. Taylor, Andrew L. Turner and Fred G. Weiss. Mr. Turner serves as the Chairman of the Nominating and Corporate Governance Committee. All of the members of the Nominating and Corporate Governance Committee have been determined by the Board of Directors to be "independent" and meet the independence requirements of the NYSE listing standards. The key functions of the Nominating and Corporate Governance Committee are to identify and present qualified candidates to the Board of Directors for election or reelection as directors of the Board and Board of Directors' committees, ensure that the size and composition of the Board, its committees, and the Company's Charter and Bylaws are structured in a way that best serves the Company's practices and objectives, develop and recommend to the Board a set of corporate governance guidelines and principles and periodically review and recommend changes to such guidelines and principles as deemed appropriate, and oversee the evaluation of the Board and senior management. The Nominating and Corporate Governance Committee met two times during the fiscal year ended December 31, 2003.

In 2004, the Company formed a Regulatory Compliance Committee comprised of Albert F. Hummel, Michel J. Feldman and Jack Michelson. Mr. Michelson serves as the Chairman of the Regulatory and Compliance Committee. The primary purpose of the Regulatory Compliance Committee is to assist the Board of Directors with the Board's oversight responsibilities regarding the Company's compliance with applicable legal and regulatory requirements related to product safety and quality and environmental, health and safety matters.

The Board of Directors has adopted a charter for each of the four committees. The current Audit Committee charter, which was revised in March 2004, is attached as Appendix A. The charters for each committee and other materials related to corporate governance are also available under the Investors section of our Web site at <http://www.watsonpharm.com>. A copy is also available to stockholders upon request sent to Investor Relations at Watson Pharmaceuticals, Inc., 311 Bonnie Circle, Corona, CA 92880.

Corporate Governance

The Board of Directors of the Company has adopted Corporate Governance Guidelines. The guidelines address the make-up and functioning of the Board and its committees, which include determining director independence, criteria for Board membership, and authority to retain independent advisors.

The Board of Directors has also adopted a Code of Conduct. The Code of Conduct applies to all of our Board members, and all of our officers and employees. The code sets forth and summarizes certain policies of the Company related to legal compliance and ethical business practices. The code is intended to comply with the standards set forth in Section 303A.10 of the New York Stock Exchange's Listed Company Manual and SEC rules and regulations. Any amendments to, or waivers from, provisions of the Code of Conduct that apply to our directors or executive officers, including our Chief Executive Officer, Chief Financial Officer, Controller and persons performing similar functions, will be promptly posted on our Web site at <http://www.watsonpharm.com>.

You can find links to the Corporate Governance Guidelines and the Code of Conduct and other materials under the Investors section of our Web site at <http://www.watsonpharm.com>. A copy is also available to stockholders upon request sent to Investor Relations at Watson Pharmaceuticals, Inc., 311 Bonnie Circle, Corona, CA 92880.

DIRECTORS' COMPENSATION

All members of the Board of Directors who are not full-time employees of the Company received a director's fee of \$40,000 for 2003. In addition, in 2003 directors were paid \$1,500 for each Board of Directors' meeting personally attended and \$500 for each meeting attended telephonically. Directors were also paid \$1,000 for each Committee meeting personally attended and \$500 for each Committee meeting attended telephonically. Additionally, the Chairman of the Compensation Committee and the Chairman of the Nominating and Corporate Governance Committee each received an annual fee of \$5,000. The Chairman of the Audit Committee received an annual fee of \$8,000. All directors were reimbursed for expenses incurred in connection with attending Board of Directors and Committee meetings. Michel J. Feldman's law firm receives his director's fees.

Following last year's annual stockholders' meeting of the Company, each non-employee director elected or re-elected at such meeting, received non-statutory options to purchase 10,000 shares of the Common Stock multiplied by the number of years for which such director was elected or re-elected (the "Grants"). The purchase price is equal to 100% of the fair market value of the Common Stock on the date of the option grant. The Grants become exercisable at a rate of 10,000 shares after the completion of each full year of the director's elected term. The following table sets forth the options granted under the Company's 2001 Incentive Award Plan, as amended (the "Incentive Award Plan"), to non-employee directors of the Company from January 1, 2003 to December 31, 2003:

Name	Number of Shares Underlying Options Granted*	Exercise Price Per Share	Date of Grant
Jack Michelson	30,000	\$ 36.8000	5/19/03
Ronald R. Taylor	30,000	\$ 36.8000	5/19/03
Andrew L. Turner	30,000	\$ 36.8000	5/19/03

* Reflects the amount of 10,000 shares for each year of the three year term to which the director was elected.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's directors and officers, and persons who own more than 10% of a registered class of the Company's equity securities to file with the SEC reports of ownership and changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and greater-than-10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such reports furnished to the Company or written representations that no other reports were required, the Company believes that during the 2003 fiscal year all filing requirements applicable to its officers, directors and greater-than-10% beneficial owners were complied with and timely filed, except that Joseph C. Papa received a grant of options on November 11, 2003 and reported the grant late on a Form 4 filed on December 9, 2003 due to an inadvertent administrative error.

The target bonus, if granted, for each of Dr. Ebert, Mr. Slacik, and Mr. Papa is 30%, 40%, and 50% of his annual base salary, respectively. Mr. Britt's bonus, if any, is based on a target level as determined by the CEO and/or designated officer. Pursuant to the employment agreements, annual increases to base salary and determination of bonuses are at the discretion of the Compensation Committee or the Chief Executive Officer of the Company, as appropriate. Furthermore, stock options may be granted at the discretion of the Compensation Committee and in accordance with the Company's policies regarding stock option grants. Dr. Chao's annual salary, bonuses, if any, and stock option grants are determined by the Compensation Committee. (See "Report of the Compensation Committee on Executive Compensation").

Each Named Executive Officer's employment may be terminated at any time with or without cause, or by reason of death or disability, or each Named Executive Officer may voluntarily resign at any time with or without good reason. - (1) Options generally have a 10-year term. The exercise price of the options granted is equal to the fair market value of the Company's Common Stock on the date of grant. The options vest by one-fifth each year beginning on the first anniversary of the grant date, therefore, becoming 100% vested on the fifth anniversary of the date of grant.
- (2) Based on approximately 2,619,912 options granted by the Company during the year ended December 31, 2003 to employees of the Company, including the Named Executive Officers.
- (3) The assumed annual rates of stock price appreciation of 5% and 10% are set by the SEC's rules and are not intended as a forecast of possible future appreciation in stock prices. There is no assurance provided to any executive officer or any other holder of the Company's securities that the actual stock price appreciation over the ten year option term will be at the assumed 5% and 10% levels or at any other defined level. Unless the market price of the Common Stock appreciates over the option period, no value will be realized from the option grants made to the Named Executive Officers.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

This Report of the Compensation Committee on Executive Compensation shall not be deemed incorporated by reference by any general statement incorporating this Proxy Statement into any filing under the Securities Act of 1933, as amended (the "Securities Act") or under the Exchange Act, except to the extent that the Company specifically incorporates the information contained herein by reference, and shall not otherwise be deemed filed under those Acts.

The Compensation Committee of the Board of Directors is responsible for determining the compensation policies for the senior executive officers of the Company, including Dr. Allen Chao, its Chief Executive Officer, and the actual compensation of Dr. Chao, and other senior executive officers of the Company. The Compensation Committee considers the recommendations of the Chief Executive Officer in determining the actual compensation of the senior executive officers of the Company, other than the Chief Executive Officer. The Compensation Committee also administers the Incentive Award Plan.

Compensation Philosophy

The Company does business in a highly competitive and dynamic industry. The Company's continued success in such an environment depends, in large part, on its ability to attract and retain talented senior executives. The Company must provide executives with long- and short-term incentives to maximize corporate performance, and reward successful efforts to do so. As a result, the Committee's compensation policies are designed to:

1. provide a competitive level of compensation to attract and retain talented management;
2. reward senior executives for corporate performance by linking a substantial portion of total compensation to the achievement of measurable performance objectives; and,
3. align the interests of senior executives with the stockholders in order to maximize stockholder value.

The Committee's goal is to provide a competitive compensation package based on a review of publicly available information about the compensation paid to similarly situated executives of selected pharmaceutical companies (the "Peer Group"). The Committee believes that a substantial portion of compensation should be tied to the attainment of long- and short-term objectives.

To achieve these compensation objectives, the Committee has developed a compensation philosophy for senior executive officers consisting of base salary, a contingent bonus arrangement tied to after-tax earnings or other goals and awards of stock options.

Executive Compensation

From time to time, the Committee conducts a review of the executive compensation paid by members of the Peer Group. The Committee reviews the salary data for the average and median levels of compensation. However, the Committee does not rely exclusively on statistical compilations. Certain members of the Peer Group reviewed are considered to be very similar to the Company in terms of market capitalization, length of time as a publicly held company, number of employees, and overall prospects for short- and long-term growth. The compensation paid by these Peer Group companies is given substantially more weight in setting base compensation. In prior years, the Committee has raised the compensation levels of its senior executives to competitive levels in relation to the other members of the Peer Group.

The Company's compensation program for senior executive officers consists of three key elements:

- base salary;
- contingent bonus arrangements tied to after-tax earnings or other goals; and
- periodic awards of stock options.

The Compensation Committee considers the recommendations of the Chief Executive Officer in determining the base salaries, and adjustment to base salaries, bonuses and stock option grants for the Company's senior executive officers, other than the Chief Executive Officer.

Base Salary

A significant component of senior executive officer compensation is base salary. Base salaries for senior executive officers are reviewed annually by the Compensation Committee based upon a variety of factors, including individual performance, general levels of market salary increases and the Company's overall financial results.

Bonus Compensation

The Committee awards annual bonuses to the Company's senior executive officers based, among other things, on the Company's financial performance, including after-tax earnings. As a result, senior executive officers have a team incentive to both enhance the Company's financial performance and perform at the highest level.

Stock Options

The Committee believes that stock options provide a valuable tool for aligning the interests of management with stockholders and focusing management's attention on the long-term growth of the Company. In addition, the Committee believes that the awarding of stock options is essential to attract and maintain the talented professionals and managers needed to ensure the continued success of the Company. Accordingly, the Committee expects to continue granting options. The Committee considers the level of option grants granted by its peers in determining the appropriate option awards issued to the Company's professionals and managers.

Policy on Deductibility of Compensation

The Internal Revenue Code provides a \$1,000,000 deduction limit on compensation paid to the reporting executives of publicly held corporations, unless certain performance, disclosure, stockholder approval and other requirements are met. The options granted under the Incentive Award Plan generally comply with these performance-based compensation requirements.

The Committee's policy generally is to qualify bonus and option grants for the performance-based compensation exception to the \$1,000,000 deduction limitation.

Chief Executive Officer's Compensation

For the year ended December 31, 2003, Dr. Chao received an annual base salary of \$890,000. The Committee determined that a bonus would be paid based upon the Company's earnings per share meeting a certain threshold and the bonus would increase as earnings per share increased, up to a cap. Pursuant to that formula, Dr. Chao was paid a bonus of \$700,000 in 2004 based upon the Company meeting certain earnings per share goals for the 2003 fiscal year. In addition, Dr. Chao was eligible to earn up to \$400,000 to be paid at the discretion of the Committee related to certain subjective goals set by the Committee and such other factors as the Committee deemed relevant. After considering the factors previously established by the Committee, the Committee awarded Dr. Chao an additional

discretionary bonus of \$270,000. In 2003, the Compensation Committee granted options to Dr. Chao to purchase a total of 100,000 shares of Common Stock.

Based on its compensation review and the Compensation Committee's compensation philosophy, and taking into account the Company's actual and projected revenues and income, the Compensation Committee has determined that Dr. Chao's 2004 base annual salary should be increased to \$920,000. In addition, the Compensation Committee has decided that a formula should be used in determining the cash bonus for Dr. Chao for the 2004 Fiscal Year. Dr. Chao will be eligible to receive a cash bonus of up to \$1,200,000, of which up to \$800,000 will be determined based upon the Company satisfying certain established earnings per share goals for the 2004 fiscal year, and up to \$400,000 will be at the discretion of the Compensation Committee. Whether or not this discretionary bonus will be paid will be determined by the Compensation Committee after the end of 2004, based on factors determined by the Compensation Committee.

Conclusion

The Compensation Committee will continue to establish base compensation at levels that are competitive with selected members of the Peer Group. The Compensation Committee intends for performance compensation to constitute a substantial portion of overall compensation, and for compensation to be linked to the achievement of the Company's short- and long-term goals as established by the Company. The Compensation Committee intends to create incentives at the levels necessary to maintain above-average performance within the Company's industry.

The firm of PricewaterhouseCoopers LLP has audited the books and records of the Company since its inception and the Board of Directors recommends that the stockholders ratify the appointment of PricewaterhouseCoopers LLP to audit the accounts of the Company for the fiscal year ending December 31, 2004. Representatives of that firm are expected to be present at the Meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions from stockholders.

The Company has been informed by PricewaterhouseCoopers LLP that neither the firm nor any of its members or their associates has any direct financial interest or material indirect financial interest in the Company or its affiliates.

Stockholder ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditor is not required by the Company's Bylaws or otherwise. However, the Board of Directors is submitting the appointment of PricewaterhouseCoopers LLP to the stockholders entitled to vote at the Meeting for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditor at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

In order to ratify the selection of PricewaterhouseCoopers LLP as independent auditor for the fiscal year ending December 31, 2004, the affirmative vote of a majority of the stock voting in person or by proxy on this proposal is required. AUDIT FEES

The aggregate fees billed by PricewaterhouseCoopers LLP, our independent auditors, in fiscal years 2003 and 2002 were as follows:

Services	2003	2002
Audit Fees	\$ 850,573	\$ 491,885
Audit-Related Fees	\$ 72,046	\$ 63,500
Total Audit and Audit-Related Fees	\$ 922,619	\$ 555,385
Tax Fees	\$ 30,250	\$ 60,789

Total Fees	\$ 1,799,619	\$ 1,679,892

Audit Fees

Audit Fees include professional services rendered in connection with the annual audits of our financial statements and the review of the financial statements included in our Forms 10Q for the related annual periods. Additionally, Audit Fees include other services that only the independent auditor can reasonably provide, such as services associated with SEC registration statements or other documents filed with the SEC.

Audit-Related Fees

Audit-Related Fees include the audits of employee benefit plans and accounting consultations related to accounting, financial reporting or disclosure matters not classified as "Audit Fees."

Tax Fees

Tax Fees include tax compliance for our Puerto Rico subsidiary as well as other tax advice and tax planning services.

All Other Fees

All Other Fees for 2002 include fees incurred for financial information systems design and implementation projects, system internal control evaluation services, and audits of employee benefit plans. All Other Fees for 2003 include licenses for research tools of \$29,300 and internal control evaluation services related to our enterprise resource planning (ERP) system implementation of \$817,450. The fees for internal control evaluation services in 2003 were paid by the Company to IBM. IBM engaged PricewaterhouseCoopers LLP to assist in rendering the services and paid this amount to PricewaterhouseCoopers LLP for the services. The Audit Committee approved this engagement and determined that it would not interfere with PricewaterhouseCoopers LLP's independence. The Company is including this amount paid to IBM within "All Other Fees" to ensure full and accurate disclosure. These services are review and evaluation activities only related to internal controls and do not include design or implementation activities.

The Audit Committee believes that the provision of all non-audit services rendered is compatible with maintaining PricewaterhouseCoopers LLP's independence.

The Audit Committee approved all audit and non-audit services provided by the independent auditor in 2003. The Audit Committee has adopted a policy to pre-approve all audit and certain permissible non-audit services provided by the independent auditors. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to type of services to be provided by the independent auditor and the estimated fees related to these services. During the approval process, the Audit Committee considers the impact of the types of services and the related fees on the independence of the auditor. The independent auditor and management are required to periodically report to the full Audit Committee regarding the extent of services provided by the independent auditor, in accordance with the pre-approval policy and the fees for the services performed. During the year, circumstances may arise when it may become necessary to engage the independent auditors for additional services not contemplated in the pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditor.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act or under the Exchange Act, except to the extent the Company specifically incorporates this Report by reference therein.

The Audit Committee of the Board is comprised of independent directors as required by the listing standards of the New York Stock Exchange and the rules of the SEC. The Audit Committee reviews the charter for the Audit Committee annually following the Annual Stockholders' Meeting or at such other times as deemed appropriate by the Audit Committee.

The Audit Committee's key functions are to:

- Assist the Board in fulfilling its oversight duties regarding the:

- (i) integrity of the Company's financial statements;

- (ii) Company's compliance with legal and regulatory requirements;
 - (iii) outside auditor's qualifications and independence; and
 - (iv) performance of the Company's internal audit function and of its independent auditor.
- Prepare the report of the Committee as required by the rules of Securities and Exchange Commission to be included in the Company's annual proxy statement.
 - Serve as an independent and objective party to monitor the Company's financial reporting process and internal control systems.
 - Appoint, retain and terminate, fix the compensation, oversee the work, and monitor the qualifications, independence and performance, of the Company's independent auditor; and
 - Provide an open avenue of communication among the independent auditor, financial and senior management, the internal auditing department, and the Board.

The Audit Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Audit Committee's charter. To carry out its responsibilities, the Audit Committee met eight times during 2003.

Management has the primary responsibility for the financial reporting process, including the system of internal controls, and for preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

The Audit Committee has reviewed the Company's audited financial statements (including the Company's disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations") for fiscal 2003 and met with both management and the Company's independent auditor to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. The Audit Committee's review included discussion with the independent auditor of matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditor required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). The Audit Committee has also considered the compatibility of non-audit services with the auditors' independence.

Based on the Audit Committee's meetings and discussions with management and the independent auditors, the Audit Committee's review of the audited financial statements, the representations of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2003.

Submitted on March 3, 2004, by the members of the Audit Committee of the Board of Directors.

STOCKHOLDER PROPOSAL: EXECUTIVE COMPENSATION

The following proposal was submitted to the Company by the United Association of S&P 500 Index Fund, which informed us it is the owner of shares of our common stock having a market value in

excess of \$2,000, and is included verbatim in this proxy statement in compliance with the U.S. Securities and Exchange Commission's rules and regulations. United Association of S&P 500 Index Fund's address is 901 Massachusetts Avenue, N.W., Washington, D.C. 20001. As of December 31, 2003, United Association of S&P 500 Index Fund held approximately 6,628 shares of Common Stock.

Proponent's Proposal

Resolved, that the shareholders of Watson Pharmaceuticals Inc. ("Company"), request that the Company's Board of Directors and its Executive Compensation Committee replace the current system of compensation for senior executives with the following "Commonsense Executive Compensation" program including the following features:

- (1) **Salary**—The chief executive officer's salary should be targeted at the mean of salaries paid at peer group companies, not to exceed \$1,000,000 annually. No senior executive should be paid more than the CEO.
- (2) **Annual Bonus**—The annual bonus paid to senior executives should be based on well-defined quantitative (financial) and qualitative (non-financial) performance measures. The maximum level of annual bonus should be a percentage of the executive's salary level, capped at 100% of salary.
- (3) **Long-Term Equity Compensation**—Long term equity compensation to senior executives should be in the form of restricted shares, not stock options. The restricted share program should utilize justifiable performance criteria and challenging performance benchmarks. It should contain a vesting requirement of at least three years. Executives should be required to hold all shares awarded under the program for the duration of their employment. The value of the restricted share grant should not exceed \$1,000,000 on the date of grant.
- (4) **Severance**—The maximum severance payment to a senior executive should be no more than one year's salary and bonus.
- (5) **Disclosure**—Key components of the executive compensation plan should be outlined in the Compensation Committee's report to shareholders, with variances from the Commonsense program explained in detail.

The Commonsense compensation should be implemented in a manner that does not violate any existing employment agreement or equity compensation plans.

Proponent's Supporting Statement

We believe that compensation paid to senior executives at most companies, including ours, is excessive, unjustified, and contrary to the interests of the Company, its shareholders, and other important corporate constituents. CEO pay has been described as a "wasteland that has not been reformed." (Institutional Shareholder Services senior vice-president, *Wall Street Journal*, "Executive Pay Keeps Rising, Despite Outcry," October 3, 2003). As of 2002, the CEO-worker pay gap of 282-to-1 was nearly seven times as large as the 1982 ratio of 42-to-1 according to the United for a Fair Economy's Tenth Annual CEO Compensation Survey ("Executive Excess 2003—CEO's Win, Workers and Taxpayers Lose.")

We believe that it is long past time for shareholders to be proactive and provide companies clear input on the parameters of what they consider to be reasonable and fair executive compensation. We believe that executive compensation should be designed to promote the creation of long-term corporate value. The Commonsense executive compensation principles seek to focus senior executives, not on quarterly performance numbers, but on long-term corporate value growth, which should benefit all the important constituents of the Company. We challenge our Company's leadership to embrace the ideas

embodied in the Commonsense proposal, which still offers executives the opportunity to build personal long-term wealth but only when they generate long-term corporate value.

Watson's Response

The affirmative vote of a majority of the stock voting in person or by proxy on this proposal is required for its approval. Brokers do not have discretionary voting power with respect to this proposal. As a consequence, broker non-votes will result. Broker non-votes and abstentions do not count as voting power with respect to this proposal and therefore will have no effect on the outcome of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE AGAINST THIS PROPOSAL FOR THE FOLLOWING REASONS:

The Company's Board of Directors believes that the proposal is unnecessary and will have a significant negative effect on the Company's ability to attract and retain qualified senior managers who are crucial to its business, which will have a direct negative impact on the Company's performance. The Company already has policies and plans in place to ensure that the compensation paid to senior executives is reasonable and responsible. For example, the bonus for the Chief Executive Officer, as well as all other senior executives, is tied to specific performance goals of the Company (both financial and non-financial). Moreover, the Company's Board of Directors and Compensation Committee (whose members all are independent directors) know that Watson's success depends on the performance of its employees. The Company believes that the proposal which calls for arbitrary limits and restrictions on salary, bonus and long-term compensation levels, eliminates the flexibility that the Compensation Committee needs to design incentive plans in a manner that it believes to be necessary to attract, motivate and retain the senior executives essential to maximize stockholder value and the Company's future success.

The Company's compensation and incentive award plan for senior executives is structured to be competitive within the pharmaceutical industry. The Compensation Committee annually reviews salary surveys, compensation market data and other benchmark information to ensure that Watson's salary levels and other compensation plans and programs are consistent with Watson's peers in the specialty pharmaceutical sector. The Board of Directors and the Compensation Committee believe that the proposal is inconsistent with the compensation practices followed by the vast majority of the companies with which Watson competes. By compelling Watson to adopt the policies described in the proposal, Watson could be placed at a substantial disadvantage in attracting and retaining highly qualified personnel. Therefore, we believe that the proposal could be contrary to the interests of the stockholders.

As set forth in more detail in the Report of the Compensation Committee of this proxy statement, the Company's total compensation and equity incentive program includes: salary, which is based on individual competencies and skills; bonus, which is based upon corporate results and individual performance; and stock options, which are awarded based on individual competencies and benchmark survey data, and are designed to align our senior executives' interests with those of our stockholders. This compensation program is designed to focus the Company's employees on Watson's long-term success, as well as the achievement of shorter-term goals. Accordingly, the proposal would limit the ability of the Compensation Committee to incentivize management in ways that would maximize stockholder value.

Stock options granted are inherently performance-based because the holder of stock options receives no benefit unless Watson's stock price rises after the date of the stock option grant. As administered by the Compensation Committee, stock option exercise prices are equal to 100% of fair market value, defined in our plans to be the closing sales price of Watson Common Stock on the day prior to the date of the grant. As such, our stock option plans provide incentives for future

performance by basing the value of the award on the future success of Watson rather than making the award instantly available. Additionally, our grants of stock options traditionally are subject to a multi-year vesting period. Therefore, awards of stock options not only enforce the desire for the future success of Watson, but assure the grantee's long-term commitment to the Company.

Since Watson already has in place a market competitive compensation program that is performance-based in nature and structure with objective performance criteria that are aligned with stockholder value, the Board of Directors and the Compensation Committee believe that the proposed alteration to the existing compensation structure would be detrimental to stockholders.

For the foregoing reasons, the Board of Directors recommends that shareholders vote AGAINST the adoption of this proposal.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company leases a portion of its facilities from a trust and other entities of which Dr. Chao and certain family members (including Dr. David Hsia, the Company's Senior Vice President, Scientific Affairs and brother-in-law to Dr. Chao), are among the beneficiaries. The aggregate rental expense for each of 2003, 2002 and 2001 was \$420,093, \$403,778, and \$388,239, respectively.

Mr. Feldman is a member of the law firm of Seyfarth Shaw LLP which, during 2003 provided, and which in future may from time to time provide, legal services to the Company. The amount received by Seyfarth Shaw LLP for legal services rendered is de minimus.

STOCKHOLDERS' PROPOSALS FOR THE 2005 ANNUAL MEETING

The Company expects to hold the 2005 Annual Meeting of Stockholders on May 16, 2005. Under Rule 14a-8 of the Exchange Act, stockholder proposals to be included in the proxy statement for the 2005 Annual Meeting of Stockholders must be received by the Company's Secretary at its principal executive offices no later than December 17, 2004 and must comply with the requirements of Rule 14a-8 of the Exchange Act.

In addition, the Company's Bylaws provide that rather than including a proposal in the Company's proxy statement as discussed above, a stockholder may commence his or her own proxy solicitation for the 2005 Annual Meeting of Stockholders or may seek to nominate a candidate for election as a director or to propose business for consideration at such meeting, the stockholder must deliver written notice to the Secretary of the Company at the principal executive offices of the Company not less than seventy (70) days nor more than ninety (90) days prior to the first anniversary of the preceding year's annual meeting. Accordingly, the stockholder must provide written notice to the Secretary of the Company no later than March 8, 2005 and no earlier than February 16, 2005 in order to provide timely notice. Such notice must contain information required in the Company's Bylaws.

OTHER BUSINESS

As of the date of this Proxy Statement, the Board of Directors knows of no other business that will be presented for consideration at the Meeting. If other proper matters are presented at the Meeting, however, it is the intention of the proxy holders named in the enclosed form of proxy to take such actions as shall be in accordance with their best judgment.

**WATSON PHARMACEUTICALS, INC.
AUDIT COMMITTEE OF THE BOARD OF DIRECTORS
CHARTER**

I. PURPOSE

The primary function of the Audit Committee (the "Committee") of the Board of Directors (the "Board") of Watson Pharmaceuticals, Inc. (the "Company") is to:

- Assist the Board in fulfilling its oversight duties regarding the:
 - (i) integrity of the Company's financial statements;
 - (ii) Company's compliance with legal and regulatory requirements;
 - (iii) outside auditor's qualifications and independence; and
 - (iv) performance of the Company's internal audit function and of its independent auditor.
- Prepare the report of the Committee as required by the rules of Securities and Exchange Commission ("SEC") to be included in the Company's annual proxy statement.
- Serve as an independent and objective party to monitor the Company's financial reporting process and internal control systems.
- Retain and terminate, and monitor the qualifications, independence and performance of, the Company's independent auditor; and
- Provide an open avenue of communication among the independent auditor, financial and senior management, the internal auditing department, and the Board.

Consistent with these functions, the Audit Committee should encourage continuous improvement of, and should foster adherence to, the Company's accounting and internal control policies, procedures and practices at all levels. The Committee shall have the authority to retain and to obtain the advice of, at the Company's expense, such special legal, accounting or other consultants or experts as it deems necessary in the performance of its duties and responsibilities or conduct any investigation it deems appropriate in fulfilling its responsibilities.

The Company shall provide appropriate funding, as determined by the Committee, for payment of compensation to the independent auditor for the purpose of rendering or issuing an audit report or performing other audit, review or attest services, for payment of compensation to any advisors employed by the Committee and for ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.

II. COMPOSITION

The Committee shall be comprised of three or more directors as determined by the Board in accordance with the following criteria:

- A. *Independence.* Each member of the Committee shall meet the independence requirements of the New York Stock Exchange ("NYSE"), Section 10A(m)(3) of the Securities Exchange Act of 1934 (the "Exchange Act") and the rules and regulations of the SEC (together with the Exchange Act, "Applicable Law").
- B. *Expertise Requirement.* All members of the Committee shall have a working familiarity with basic finance and accounting practices. In addition, either at least one member of the

Committee shall be an "audit committee financial expert" within the definition adopted by the SEC or the Company shall disclose in its periodic reports required pursuant to the Exchange Act the reasons why at least one member of the Committee is not an "audit committee financial expert." Committee members may enhance their familiarity with finance and accounting by participating in educational programs conducted by the Company or outside providers.

C.

Limit on Other Activities. Audit Committee members shall not simultaneously serve on audit committees of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such member to effectively serve on the Committee and such determination is disclosed in the Company's annual proxy statement.

The members of the Committee shall be elected by the Board and serve at its pleasure for such term or terms as it shall determine. The Board may remove members of the Committee with or without cause.

III. MEETINGS

The Committee shall meet at least four times annually, and more frequently as circumstances dictate. The agenda for each meeting shall be prepared by the Secretary of the Committee and, whenever reasonably practicable, circulated to each member prior to the meeting date. As part of its job to foster open communication, the Committee shall meet separately, periodically, with management, the head of the internal auditing department and the independent auditor. In addition, the Committee should meet with the independent auditor and management quarterly to review the Company financials consistent with Section V.3 below.

The Committee shall have direct access to and the authority to meet with any officer or employee of the Company, the Company's outside counsel, the Company's investment bankers or financial analysts who follow the Company. The Committee may request any officer or employee of the Company or the Company's outside counsel or independent auditor to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee.

IV. PROCEDURAL MATTERS

A majority of the then acting members of the Committee shall constitute a quorum. A majority of the members present at any meeting at which a quorum is present may act on behalf of the Committee. Unless the Board elects a Chairperson, the members of the Committee may designate a Chairperson by majority vote. The Committee will meet at such times as shall be determined by its Chairperson, or upon the request of any two of its members. The Chairperson will preside, when present, at all meetings of the Committee. The Committee will keep a record of its meetings and report on them to the Board. The Committee may meet by telephone or videoconference and may take action by written consent.

V. RESPONSIBILITIES AND DUTIES

The Committee shall have the sole authority to appoint or replace the independent auditor. The Committee shall be directly responsible for the compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The independent auditor shall report directly to the Committee.

The Committee shall pre-approve all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditor. Committee pre-approval of non-audit services (other than review and attest services) will not be required if such

services fall within available exceptions established by the SEC. The Committee may form and delegate authority to subcommittees consisting of one or more of its members when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that decisions of such subcommittee to grant pre-approvals shall be presented to the full Committee at its next scheduled meeting. Notwithstanding the foregoing, the Company shall not retain the auditing firm for any of the specific services that are prohibited by the rules of the NYSE or Applicable Law.

Documents/Reports Review

To fulfill its responsibilities and duties the Committee shall:

1. Through its Chair, report regularly to, and review with, the Board any issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent auditor, the performance of the Company's internal audit function or any other matter the Committee determines is necessary or advisable to report to the Board.
2. Review and reassess the adequacy of this Charter at least annually and periodically, as appropriate and as conditions dictate, recommend any proposed changes to the Board for approval and have it published, if applicable, in accordance with Applicable Law.
3. Review and discuss with management and the independent auditor, the Company's annual and quarterly financial statements (including the "Management's Discussion and Analysis of Financial Condition and Results of Operations") prior to release, including discussions on:
 - a) critical accounting policies and practices;
 - b) alternative treatments of financial information within generally accepted accounting principles;
 - c) other material written communications between the independent auditor and management; and
 - d) the adequacy of internal controls that could significantly affect the Company's financial statements.
4. Review and discuss with management, the independent auditor and the internal auditors: (A) major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles, and major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies; (B) any analyses prepared by management or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the Company's financial statements, including analyses of the effects of alternative GAAP methods on the Company's financial statements; and (C) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the Company's financial statements.
5. Review with management and the independent auditor, in compliance with Statement on Auditing Standards No. 61, as amended, the quarterly financial statements set forth in the Company's Form 10-Q prior to its filing or prior to the release of earnings. The Chairperson of the Committee may represent the entire Committee for the purposes of this review.
6. Review with the independent auditor and management, as appropriate, any material reports or other financial information submitted to any governmental body, or the public, including any certification, report, opinion, or review rendered by the independent auditor in compliance with Statement on Auditing Standards No. 61, as amended.

7. Meet periodically with the Company's internal auditor to discuss the responsibilities, budget and staffing of the Company's internal audit function and any issues that the internal auditor believes warrant Committee attention. The Committee shall discuss with the internal auditor any significant reports to management prepared by the internal auditor and any responses from management.
8. Review earnings press releases, including the use of "pro forma" or "adjusted" non-GAAP information, and financial information and earnings guidance provided to analysts and rating agencies. Such discussion may be done generally (consisting of discussing the types of information to be disclosed and the types of presentations to be made).
9. Review with management and the independent auditor any correspondence with regulators or governmental agencies and any employee complaints or published reports, which raise material issues regarding the Company's financial statements or accounting policies.
10. Discuss with management and the independent auditor the effect of regulatory and accounting initiatives as well as off-balance sheet structures on the Company's financial statements.
11. If appropriate, discuss with the national office of the independent auditor issues on which it was consulted by the Company's audit team and matters of audit quality and consistency.

Independent Auditor

12. Select the independent auditor, considering independence and effectiveness. Fire the independent auditor when circumstances warrant. Negotiate and approve the fees and other compensation to be paid to the independent auditor. Review and ensure that independent auditor submits on a periodic basis to the Committee a formal written statement delineating all relationships between the independent auditor and the Company, consistent with Independence Standards Board Standard 1. Discuss with the independent auditor all significant relationships to determine the auditor's independence. The independent auditor is responsible to the Committee for such independent auditor's audit or accounting of the financial statements of the Company.
13. Review and evaluate the performance of the independent auditor, discuss with the independent auditor and adopt a policy of rotating the independent auditor team on a regular basis. At least every five years or as otherwise required by the NYSE or Applicable Law, require the rotation of the independent auditor's lead audit partner and reviewing audit partner, and consider the costs and benefits of switching to another firm of independent auditors. The Audit Committee shall present its conclusions with respect to the independent auditor to the Board.
14. Obtain and review, at least annually, a report by the independent auditor describing:(i) the experience and qualification of the senior members of the independent auditor team and the independent auditor's internal quality control procedures, (ii) any material issues raised by any internal quality-control review, peer review of the independent auditor, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues; and (iii) all relationships between the independent auditor and the Company and any steps taken to address issues that may affect the independence of the independent audit.
15. Set clear guidelines for the Company's hiring of employees or former employees of the independent auditor who were engaged on the Company's account consistent with the rules of the NYSE and Applicable Law.
16. Periodically consult, as appropriate, with the independent auditor out of the presence of management about internal controls and the accuracy of the organization's financial statements.
17. Review with the independent auditor any audit problems or difficulties and management's response thereto.

18. Obtain from the independent auditor assurance that Section 10A(b) of the Exchange Act has not been implicated.
19. Discuss with independent auditor any disclosed relationships or services that may impact the objectivity and independence of the independent auditor and, if necessary, recommend that the Board take appropriate action in response to the independent auditor's report in order to satisfy itself of the auditor's independence.

Financial Reporting Processes

20. In consultation with the independent auditor, the internal auditors and senior financial management, review the integrity of the organization's financial reporting processes, both internal and external.
21. Consider the independent auditor's judgments about the quality and appropriateness of the Company's accounting principles as applied in its financial reporting. Resolve any disagreements between the independent auditor and management.
22. Discuss with the independent auditor any significant changes in auditing standards or their audit scope. Consider and approve, if appropriate, any changes to the auditing practices of the internal auditing department.

Process Improvement

23. Following completion of the annual audit, meet separately with each of management, the independent auditor and the internal auditing department to, among other things, review any problems or difficulties encountered during the course of the audit work, including any restrictions on the scope of activities or access to required information or any significant disagreements among management and the independent auditor. Among the items that the Committee should consider reviewing are: (A) any accounting adjustments that were noted or proposed by the auditor but were "passed" (as immaterial or otherwise); (B) any communications between the audit team and the independent auditor's national office respecting auditing or accounting issues presented by the engagement; and (C) any "management" or "internal control" letter issued, or proposed to be issued, by the independent auditor to the Company.
24. Review with the independent auditor, the internal auditing department and management the extent to which changes or improvements in financial or accounting practices, as approved by the Committee, have been implemented. (This review should be conducted at an appropriate time subsequent to implementation of changes or improvements, as decided by the Committee.)

Internal Audit Department and Legal Compliance

25. Review with the independent auditor and management the internal audit plan and changes to such plan, the budget, activities, staffing, organizational structure, and qualifications of the internal audit department, as needed.
26. Review the appointment of the senior internal auditor executive and review the performance and recommend the replacement of the senior internal audit executive, as necessary.
27. Review significant reports prepared by the internal audit department together with management's response and follow-up to these reports.

28. On at least a quarterly basis, review with the Company's internal counsel and outside counsel, if necessary, any legal and regulatory compliance matters, including corporate securities trading policies, which could have a significant impact on the Company's financial statements.
29. Review and discuss with management and the independent auditor the policies and procedures that management has instituted to ensure (i) compliance with the Company's Code of Conduct (the "Code") and (ii) that Company's financial statements, reports and other financial information disseminated to governmental organizations and the public satisfy legal and regulatory requirements. Advise the Board with respect to the Company's policies and procedures regarding compliance with applicable legal and regulatory requirements and with the Code.
30. Establish procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls, auditing, or any other financial matters and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

Other Audit Committee Responsibilities

31. Annually prepare a report for the Company's annual proxy statement to stockholders as required by the SEC and authorize inclusion of annual financial statements in the Company's annual report on Form 10-K.
32. Perform any other activities consistent with this Charter, the Company's By-laws and governing law, as the Committee or the Board deems necessary or appropriate.
33. Review the Company's risk assessment and risk management policies and discuss with management the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures.

VI. LIMITATIONS OF DUTIES.

The Committee's responsibility is oversight. Management of the Company has the responsibility for the Company's financial statements as well as the Company's financial reporting process, principles and internal controls. The independent auditor is responsible for performing an audit of the Company's annual financial statements, expressing an opinion as to the conformity of such annual financial statements with generally accepted accounting principles, reviewing the Company's quarterly financial statements and other procedures. It is recognized that the members of the Committee may not be engaged in the accounting or auditing profession and, as such, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements fairly present the Company's financial position and results of operation and are in accordance with generally accepted accounting principles. Nor is it the duty of the Committee to conduct investigations or to assure compliance with laws and regulations and the Code. Each member of the Committee shall be entitled to rely on (i) the integrity of those persons within the Company and of the professionals and experts (such as the independent auditor) from which it receives information and (ii) the accuracy of the financial and other information provided to the Committee by such persons, professionals or experts absent actual knowledge to the contrary.
